

Dear High Tech LA families,

As California continues to face a devastating budget crisis, our children's education is hanging in the balance. How will our school cope with the discrepancy between the amount of money we need and the amount we receive? With more and more cuts to the state's education budget, HTLA will not have the critical funds necessary to continue to provide a superior education.

We are all stakeholders in our children's future. If we work together as a community, we can create the resources we need for our students and teachers. With this goal in mind, we invite you to participate in HTLA'S **STAR FUND**:

Students Teachers And Resources
HTLA - Working Together for Success

Your generous donation will provide funding for instructional materials, team building workshops, field trips, office support, internet access, school counselors and student planners. ***All are items currently underfunded in the budget.*** The list goes on and on, including vital software updates, equipment and new technology. In order to maintain our level of academic excellence, we need your ongoing financial support.

It is with those needs in mind, that we ask you to join the **STAR FUND** and support HTLA with a 100% tax deductible suggested annual donation of \$250 per child to HTLA. This is only a suggested amount. We will gratefully accept donations in any amount and will be pleased to arrange installment payments if that would be more convenient for you (Federal Tax ID# 95-4855824). We urge you to consider what is at stake and give as generously as you can. Together we can give our children the education they deserve.

During these challenging times, it sometimes feels like there's nothing left to do but wish upon a star. Please join us in becoming an HTLA **STAR** and supporting our amazing school as we prepare for even deeper budget cuts. We need you.

Thank you in advance for your support and commitment.

Warm regards,

Suzie Kane
